

This is a fun one this week to get you playing some fun groupings over two bars. So the key is here is there will be a grouping of 5 16th notes that you play 6 times with an "and" on beat 4 of the second bar. On the first stage you play the 1st note of the 5, on stage two, its the first 2 and on stage three its the first three...

1 - Play the 1st of every 5 (stick a click on!)

2 - Add a 4 on the floor

3 - The 8th note upbeat with the Hi-Hat

4 - And finally the Samba

Stage 2 - once again, a grouping of 5, but now playing the first two notes of the 5

2 - With the kick

3 - With the HH

4 - and once again, the Samba

Stage 3 - Now let's take it to three notes

2 - With the Kick

3 - With the HH

4 - and finally with the Samba

Now let's take it up a level.....

1- Play the 1st 3rd and 5th of every 5 (stick a click on!) I've grouped them in 5 for you to learn

2 - Add a 4 on the floor

3 - The 8th note upbeat with the Hi-Hat

4 - And finally the Samba

Stage 5 - 1-2 and 5

2 - With the kick

3 - With the HH

4 - and once again, the Samba

Stage 6 - Finally, the 1 - 2 - 3 and 5 - Accent the 1st of every 5
